

OMEGA · refill · biobased · 50 ml

Refill, Click, Compost

Refill biobased 50ml : made from plants, 100% vegan, the Omega refill is industrially compostable (EN13432 and ASTM D 6400 12), contains not a drop of petroleum, and reduces CO2 emissions by at least 50%.

Easy to use: the refill clicks into our [PCR glass jar](#) without the need for any additional products.

Economical, your customer can renew their product while keeping a high-quality jar in their bathroom.

Customizable in small and large quantities.
